5922A Opaque White Paper FSC 120 g/m²

This paper is a perfect choice for economical full colour output. Opaque Paper is developed for high-accuracy inkjet printing. In the CAD and GIS environment it offers an extra heavy, stiff and durable solution. For these reasons opaque paper is also very suitable for presentation use. Graphic full colour prints show vivid characters and images. The opacity is very high. And the thickness minimises show-through, allowing high ink absorption. The surface is smooth and smear resistant.
